

CIGWELD

AN ESAB BRAND

MULTILINERS

THE ONE STOP SHOP FOR ALL OF YOUR LINER NEEDS

The CIGWELD MULTILINERS have been designed for the ultimate ease of use and to eliminate the need to have every brand of liner in stock. Available in Kit form that includes a liner to suit a variety of wire diameters, along with 3 collets to suit the main MIG guns on the market (Tweco, Binzel® and Bernard®), or with the liner by itself and you simply select the appropriate collet and you're ready to go.

ADVANTAGES OF THE MULTILINER RANGE:

- Available to suit different wire diameters, including hard and soft wires.
- Available as kits or individual liners.
- Steel Liners suitable for MIG Guns up to 5m in length, Alloy liners suitable up to 4.5m and 8.5m in length.
- Kits come packed to suit chosen wire diameter and wire type, along with Tweco, Binzel® and Bernard® compatible collets.
- Individual Collets sold separately include Tweco, ESAB, Binzel®, Binzel® Alloy and Bernard® compatible.

NOTICE: CIGWELD is in no way affiliated with BINZEL® or BERNARD® and these trade names belong to their respective owners. The parts advertised for sale are not genuine BINZEL® or BERNARD® parts, they are compatible replacement parts supplied by CIGWELD. Reference to BINZEL® or BERNARD® Guns, torches and numbers are for your convenience only.
