

## HEAVY-DUTY GAS CYLINDER TROLLEY

### GAS CADDY

The CIGWELD Gas Caddy Heavy-Duty Gas Cylinder Trolley offers a durable and reliable solution for safe gas cylinder transportation, delivering strength, stability, and smooth mobility in industrial environments.

### FEATURES & BENEFITS:

- Heavy-duty trolley designed to safely transport multiple gas cylinders
- Fully welded steel frame for enhanced strength and long-term durability
- Reinforced back plate with adjustable safety chain for secure cylinder support
- Integrated naming plate (Figure 1) for engraving trolley ID and Company Name
- Industrial-strength adjustable chains to securely hold cylinders during movement
- Ergonomic rubber grip handles for comfortable and controlled handling
- Flat-free heavy-duty rubber wheels for smooth and low-maintenance mobility
- Powder-coated finish for improved wear and corrosion resistance
